

## Leg bolt-down socket

### Application

The bolt-down socket is used in applications where the legs have to be very firmly secured to the ground. The extrusion can be adjusted easily within the guide socket and can be secured in place using the fixing kit included. The bolt-down socket should be chosen, from the three available, to suit the space available.

### Specification

Steel, powder-coated in black

### Fixing kit\*

(applies to all types)

8 cylinder screws, 8 threaded plates  
8 washers

### Fixing kit\*

(applies to all types)

4 cylinder screws, 4 threaded plates,  
4 washers
